

Next Generation R Series 200-250 Oil-Flooded Rotary Screw Compressors

Ingersoll Rand works to keep you ahead of your competition with Next Generation R-Series air compressors that boost productivity, lower operating expenses and extend equipment life. Next Generation R-Series air compressors. The intelligence you need to win.

Features

- **Improved Efficiency and Air Flow:** Airend features optimized rotor profile that delivers up to 18% improved efficiency and best-in-class airflow capacity
- **Remote Intelligent Control:** Xe-Series controller delivers increased control functionality through an intuitive user interface and remote access with any common, current web browser
- **Leak-free Design:** V-Shield Technology provides a totally integrated, leak-free design featuring PTFE stainless steel braided oil hoses and O-ring face seals
- **Reduced Downtime:** Progressive Adaptive Control (PAC) monitors key operating parameters and continuously adapts to prevent unexpected downtime
- **Decrease Energy Use:** NEMA Premium® efficiency motor delivers significant energy savings
- **Flexible Design Options:** Air-cooled, water-cooled and harsh environment options (low and high ambient, outside operation) are available to best match your operating requirements

Ingersoll Rand (NYSE:IR) advances the quality of life by creating comfortable, sustainable and efficient environments. Our people and our family of brands—including Club Car®, Ingersoll Rand®, Thermo King® and Trane®—work together to enhance the quality and comfort of air in homes and buildings; transport and protect food and perishables; and increase industrial productivity and efficiency. We are a \$14 billion global business committed to a world of sustainable progress and enduring results. For more information, visit www.ingersollrand.com.
